Summary

Results-driven Software Developer with a strong foundation in building and deploying responsive full-stack web applications. Proven ability to improve performance and accelerate project delivery, achieving a 30% improvement in data retrieval times and a 15% faster delivery cycle in academic projects. Skilled in the MERN stack, RESTful API integration, and Agile methodologies, with hands-on experience in cloud deployment on Firebase and Vercel.

Education

Bachelor of Engineering in Computer Engineering   *Year of Passing: 2025*
University of Mumbai, Mumbai

- Core Coursework Projects: Developed applications using HTML, CSS, JavaScript, React, Node.js, Java, PHP, MongoDB, SQL, and Firebase.
- Active participant in university technical clubs and coding competitions.

Internship Experience

Technohacks Private Limited   **Full-stack Developer Intern**   **Feb 2025 – Mar 2025**

- Accelerated MVP delivery by 15% by contributing to 3 core modules and deploying 4 critical features using the MERN stack (React, NodeJS, JavaScript).
- Seamless API Integration: Successfully implemented and integrated RESTful APIs to connect front-end components with back-end logic, ensuring robust data flow and application functionality.
- **Tech Stack Used:** React, HTML, CSS, JavaScript, NodeJS, API Integration, Git.

Internsala Technologies   **Web Developer Intern (Student Ambassador)**   **Dec 2022 – Apr 2023**

- Frontend Development & Maintenance: Served on the development and maintenance team for 4 months, specializing in developing and refining the organization's website frontend.
- Selected as 1 of 3 Student Ambassadors from a pool of 150+ applicants to drive campus engagement, increasing program adoption by 20%.
- **Tech Stack Used:** HTML, CSS, JavaScript, Git.

Projects

Movie Search Website   *Jan 2025 – Feb 2025*

- Developed a responsive movie discovery platform using React and Tailwind CSS, integrating a third-party API for real-time movie data.
- **Live Demo:** movies-rating-psi.vercel.app

Car Rental System   *Aug 2024 – Sep 2024*

- Built a web-based car rental portal with a clean, intuitive interface using HTML, CSS, JavaScript, and Firebase for real-time data management.
- **Live Demo:** carkaro.infinityfree.me

Event Management Calendar   *Jul 2023 – Aug 2023*

- Created a dynamic event management application with user authentication using PHP and MySQL.
- **Live Demo:** calendo-weld.vercel.app

Technical Skills

- **DEVELOPMENT:** MERN STACK Development
- **Languages:** Java, JavaScript, TypeScript, SQL, HTML/CSS
- **Frameworks & Libraries:** ReactJs, Next.js, Node.js, Express.js, Redux
- **Tools:** Git, Postman
- **CI/CD & Cloud:** AWS
- **Databases:** MySQL, MongoDB, Firebase
- **Methodologies & APIs:** Agile, REST APIs

Skills & Certifications

- **Professional Skills:** Time Management, Team Collaboration, Communication, Problem Solving, Visual Design
- **Certifications:** Full Stack Development Certified (Simplilearn), Node.js Certified (Simplilearn)
- **Awards:** Participant in Smart India Hackathon 2024
- **Languages:** English, Hindi, and Marathi (Fluent)
